this original monograph presents a comprehensive theory regarding the economy of the kingdom of god the theory and associated model will help individuals make better choices the research integrates fundamentals of the temporal real economy and the permanent economy of the kingdom of god to present a unified model of human agency according to the model effective agents are salt and light in the real economy arresting corruption and revealing the truth effective agency produces life peace and growth individual and organizational practices that arrest corruption and reveal truth can resolve longstanding economic grievances the list of spiritual credence goods is extensive and includes commonly known virtues such as humility patience and hope spiritual goods are allocated based on the owner agent relationship the quantity of goods the owner supplies is in proportion to an individual s sacrificial offering of time and money spiritual goods are stored as heart capital in a process analogous to the real economy heart labor applied to heart capital produces desirable outputs the owner relates to his agents through a heart inscribed behavioral contract the owner generally intervenes in the real economy by communicating with agents rather than by restricting choice prior studies across economics finance and sociology prove the efficiency of behavioral contracts and communication over restricted choice herein researchers will find new testable propositions and practitioners will find new ideas and practices to live better more consequential lives examples of practical applications include methods of resolving group level bias and understanding the purpose of life s difficulties

praying the names of god brings us into alignment with his power and appeals to that aspect of his character that relates to the particular need we are praying for creating synergy and synchrony that results in greater impact and breakthrough faith also rises when we turn our focus from the problem to the problem solver god is relatable and he often described himself in a relational way so that people would understand how he relates to them the names of god are descriptive and applicable in all situations praying the name of god changes the dynamics of prayer the names of god are still relatable in these times there is no situation that is not covered by his name or attribute outlined in this book are the names of god a description and application of the name and a prayer that can be customized and prayed in relation to that name the names of god can still be utilized today and incorporated in personal devotion and prayer may your prayer life be enhanced and may you experience expedited breakthroughs as you come into synergy with god

god is all there is and the devil does not exist seeks to bring about awareness and remind us of who we really are for god is all there is and there is no thing else there is only one consciousness that has individuated it self and thusly there is no devil in absolute form as is taught and projected by many all that is existed in a state of being without the means to express its being in a state of being god is no thing unto himself out of this conceptual knowing god all that is longed to express explore and experience it self for what it knows it self to be and so the no thing created some thing some form all of creation as a means or device s through which it can express explore and experience it self fully and abundantly we live in a world driven by fear scarcity competition chaos pain struggle confusion and discord it is my firm conviction that all these factors have been born and taken root because we have forgotten who we really are god is all there is and the devil does not exist is directed to all the men and women around the globe who are entangled in shackles of fear constructed by mythical beliefs and teachings about god and the mock devil which have been served to us for eons the message i bring seeks to liberate and unchain us from these restraints so that we can live freely and express explore and experience that which is within more fully and abundantly

includes entries for maps and atlases
